

# The Claresholm Advertiser

Vol. 1, No. 28

CLARESHOLM, ALTA., WEDNESDAY, OCTOBER 21st 1914

Subscription, \$1.50 Per Year in Advance

## Experimental Plots at School of Agriculture

If one would have his eyes opened to the possibilities of this district in the root producing line, a visit to the experimental plots at the School of Agriculture will produce that effect. It was a revelation to the editor of the Advertiser to see the results that had been achieved under the most trying conditions by Principal Stephen in spite of the dryness of the year especially during the early part of the season. The land upon which most of the root crops were planted was for the most part stubble land, as no time had been allowed the year previous for proper preparation of the soil. The culture was shown potatoes that will go 200 lb. to the acre, rows of cabbage from which over 500 lbs. had been sold and cauliflower of splendid size from which had already been marketed over 200 lbs., tomatoes that had been ripened on their own vines, celery over 21 inches in length, and field roots, mangels, swedes, sugar beets, etc., almost equal to Ontario root crops. Why the farmers of this district should not grow roots for stock feed we do not understand. A plot of rape of a very limited extent has fattened 40 hogs and there is still sufficient feed for another 40. The result of an attempt to discover a corn variety that would ripen in this district proved most interesting and encouraging experiment. The plots in which alfalfa, timothy and red clover, and other grasses are being experimented upon to discover the proper mixture or quantities of seed necessary for proper and successful results prove of great interest. The editor considers the work done this year to have been most encouraging and when next year another eight acres which is in summer fallow has been laid out at the School of Agriculture, these plots will be most educative and instructive to the 100 students which will begin work in a week or two.

## Recruiting Infantrymen

Ottawa, Oct. 19.—With the object of losing no time in the enlistment and equipment of Canada's first expeditionary force, orders went out today for immediate recruiting in all of the divisions of the Canadian militia. Each military division and each province is to furnish its quota, but the details of these are not yet announced. Divisional headquarters are to be at London, Toronto, Kingston, Montreal, Quebec, Halifax, Winnipeg, Calgary and Victoria. Recruiting will also probably be carried on at St. John. In its practical analysis the government plan that inside a year, perhaps not less than 100,000 Canadians will be under arms, and that they will be sent across constantly but gradually, as required by the war office.

This is a broader policy than that previously announced, and is in line with patriotic sentiment throughout the country. In many centers the militia department has already leased exhibition buildings or rooms, for the accommodation of the troops.

For the present the units to be recruited will be infantry alone, but probably, at a later date, mounted rifles will be enlisted.

## Lyndon

P. J. Fair was in town last Friday.

H. L. Dawson and Jas. Roblin were also town visitors.

C. Watson of the Trout Creek Ranch was in town last week.

## Five-Mile

Mrs. Isaac Lepard returned on Monday from a visit at Frazee, Minn.

Leo Schuch's dance on Friday of last week was very much enjoyed. Another takes place to-night, the occasion being the departure for a short visit at Frazee, Minn., of Tim and Mrs. Chilton.

Miss Minnie Lepard won the prize at the "Hard Times" dance at Grannum last week for the most appropriate costume.

The telephone line is being extended south-east and phones will be installed shortly. This will prove a great convenience to the fellows who cannot see their illuminations often enough and it will also prove a source of great opportunity and enjoyment to the "phone rubberers."

Irene, the 3-year old daughter of C. G. Gunderson, while playing this week on a stack, fell to the ground and was badly shaken and bruised. A physician was called and the little one is recovering from her mishap.

## Will Tax Capacity

The prospects for the opening of the Claresholm School of Agriculture next week are most excellent as already there promises to be a class which will exhaust the capacity. For the second year, of these promoted this spring 50 applications were shown our reporter; 25 applications have been received for the domestic science course and 33 have applied for admission for the first year work. The district is well represented showing that the work done last term has met with the commendation throughout the district served by the Claresholm school which its excellence deserved. In looking over the applications with Principal Stephen, it was interesting to note from what far away places the students were coming. Kolovna in B. C., Far Rockaway by the big herring pond, Dungenoon Co., Tyrone and elsewhere are represented. Among the applicants is a graduate of the Duluth Training School, a lady who has taught household science in England for over 5 years and is specializing in domestic science. The prospects are brighter than one would have imagined from the conditions which faced the farmers of the south this year. Over 105 will probably face the instructors on opening day.

## Home Nursing Course Added

It is the intention of the agricultural education, to have a thorough course in Home Nursing as a part of the household science course and to that end Miss Mesiac has been secured to take charge of this course. This feature of the domestic science curriculum should prove of inestimable benefit to those who will have some time in the future the change of a home. Miss Frank has made a special study of methods in physical culture and her assistance to the students of her department will be especially valuable in personal physical development. Every addition to the curriculum this year has been to strengthen its value to the student in whatever department he or she may be interested.

In only one week more the classes at the Claresholm School of Agriculture will be in full swing again. A second attendance is assured as applications have been coming in steadily for some weeks. The domestic science course is again meeting with favor.

## Scale of Aid from Patriotic Fund

The amount payable each month to each family dependent on the Canadian volunteers who have gone to the front, and on British, French, Russian, and Belgian reservists living in Canada at the time of going on active service, has been fixed for the whole of Alberta as follows:

Wife, on own account	\$1.20 per day
One child, between 10 and 15, at 20c. per day	85.00
One child, between 5 and 10, at 20c. per day	9.00
One child, under 5, at 10c. per day	6.00
Total	5.00

A maximum allowance of \$800 per month has been made for the largest families. The graduated scale was decided on at a meeting of the South Alberta Patriotic Association. —The Blairmore Enterprise.

## THEY ARE CALLING

They are calling. They are calling. And they're calling out for YOU. The men you knew in college. And in social life you knew. They are calling. They are calling. And they're calling out for you. They are holding down the grim end. And they're very hard to do. Get your sword. Get your pistol. Get your rifle. Get your gun. Only get there. Only get there. And get there on the run. They are calling. They are calling. And they're calling out for you. It is MEN that they are wanting. And it's men they want like YOU. They are calling. They are calling. And they're calling out for YOU. The men you knew in base ball. And in business whom you knew. They are calling. They are calling. And they're calling out for you. They are keeping back the Germans. But it's money against the foe. Drop your football. Drop your baseball. Drop your motor. Be a kick. Only get there. Only get there. And get there mighty quick. They are calling. They are calling. And they're calling out for you. It is MEN that they are wanting. And it's men they want like YOU. They are calling. They are calling. And they're calling out for YOU. The men upon the prairie. And in homestead next to you. They are calling. They are calling. And they're calling out for you. They are fighting like the dickens. But the odds are ten to two. Leave your railing. Leave your plowing. Leave the lot. Only get there. Only get there. And get there like a shot. They are calling. They are calling. And they're calling out for you. It is MEN that they are wanting. And it's men they want like YOU. They are calling. They are calling. And they're calling out for YOU. The men who're in the wholesale. And in the retail too. They are calling. They are calling. And they're calling out for you. And every mother's son they want. There's work for them to do. Quit your typing. Quit your writing. Quit your counter. Quit to-day. Only get there. Only get there. And get there right away. They are calling. They are calling. And they're calling out for you. It is MEN that they are wanting. And it's men they want like YOU. They are calling. They are calling. And they're calling out for YOU. You, you gentlemen of leisure. And you gentlemen of pleasure. They are calling. They are calling. And they're calling out for you. They are fighting for their livelihood. And all it means to you is to doff your sack coat. Don your khaki. Don your handkerchief and gun. Only get there. Only get there. And before the war is done! They are calling. They are calling. And they're calling out for you. It is MEN that they are wanting. And it's men they want like YOU.

## What the Town Council Has Been Doing

Com. James was appointed deputy mayor for the remainder of the year.

The council have a rate of \$1.00 for one tap in a business house. No loyal citizen should sponge on another for water.

The authorized purchase of a new whistle to replace the "Perry white elephant" seems to indicate that "Curfew shall not ring to-night," but that she shall blow instead.

Now that the Breckenridge matter is settled there will be no excuse left if the water department can not show itself on the right side of the ledger. If the ratpayers will only patiently patronize this really necessary convenience the accounts will come much nearer to balancing than ever before.

The commendable activity of the town council during the last few weeks counts as a refreshing change from the period of stagnation which prevails in the summer months. The ratpayers are delighted that problems are being grappled with that should not have vexed the citizens so long.

## Alberta Cattle Sell Well in Toronto

From the Toronto press there comes the information that on October 6th there were sold at the Union Stock Yards of Toronto, by H. P. Kennedy & Co., Commission Salesmen, to the Toronto Foreign Canadian Company, a carload of Alberta cattle for \$8.50 per cwt. In commenting upon said sale the press state that they were a fine sample of the kind of cattle that Alberta is capable of producing, and were said to be as fine a load as have been seen on the market during the present year. While the price was not the highest for the season it was the top price paid.

The same report states that the firm of H. P. Kennedy & Co. sold Alberta butcher cattle as high as 8c and light stockers from 4c to 6c. With feed as plentiful as it now is throughout the central portion of this province stocker cattle should not be going eastward.

## Carnforth

Read R. S. Brereton's advt this week. He is featuring a list of patriotic records, especially, "It's a Long Way to Tipperary," the battle-song of the British forces now at the front.

Miss Wilson, who has been visiting her sister, at the home of W. H. Quail, left last week for a visit with friends at Grannum. Miss Wilson will also visit her sister at Fernie. After a short stay at Grannum she will return to her home in Penitence, B. C.

Potato digging is engrossing the attention of everyone in this neighborhood who has any to dig.

The heavy snow of a week ago did some damage to telephone wires on Willow and Meadow Creeks.

Miss Wilson, a trained nurse of Penitence, B. C., is visiting Grannum where if things are favorable she may establish herself in her profession.

## Curfew Will Ring

As an outcome of suggestions made to the Council recently regarding the advisability of restraining the night prowling of children with the attendant evil of such habits, the town Council placed upon their statutes at a recent meeting a by-law which children unaccompanied by parent or guardian must not be found in any public place within the borders of the municipality of the town of Claresholm, after the hour of 9 p.m., from November 1st to May 1st nor after the hour of 9 p.m. between May 1st and Nov. 1st. Provision was made for the enforcement of this law and an officer will see that the curfew bell doth ring (or blow) as a warning to the youth who would wander abroad during the prohibited hours. The parents are assisted by this provision and are asked to co-operate with the town authorities to exact observance of this by-law. There was the oversight of defining the age limit of a child, but if the limit is made 15 years there will be no very serious objection by the majority of the ratpayers.

## New Manager at Commerce

D. Clarkson has been transferred from the management of the local Bank of Commerce to that of the South Edmonton branch. He and Mrs. Clarkson will move north as soon as their furniture is ready for shipment. Mr. Clarkson's successor arrived this week and has taken charge. He is Mr. A. J. Burnside and comes here from the Canadian Bank of Commerce at Warner, Alta. He and his wife will occupy the house to be vacated by Mr. Clarkson on Fourth Ave. The Advertiser welcomes the new owner and follows Mr. and Mrs. Clarkson with best wishes for continued success.

## Something New In Store

If you are looking for real fun on Halloween, and harmless fun at that, a chance is afforded in the Shadow Social and Dance at the Clear Lake School on Friday evening, October 30th, 1914. The roads are sure to be good. Who ever has been anywhere else on All Hallow's Eve. The provisioning made by the Clear Lake people with a view to complete the payment on the school organ, promises a splendid and unique evening's enjoyment. There is no admission but take a few dollars in the pocket and be prepared for an agreed to your kinder senses. Remember it's on Hallow's eve, Friday, Oct. 30.

## Large Box Stall Building at Demonstration Farm

Tenders have been received for the erection of a box-stall building at the Demonstration Farm, 36x72, which will be used when constructed for the holding of the stock-judging classes by the School of Agriculture. The approximate cost will be about \$3,000. Later a special building of a like nature for the School will be constructed but in the mean time the one structure will have to accommodate both the Farm and the School.

## Chicken Pie Dinner

The Chicken Pie Dinner under the auspices of the Ladies' Aid Society of the Methodist Church will have postponed from Thanksgiving night owing to the state of the roads will be held on Wednesday night of next week, October 28th. The ladies have renewed their preparations and the affair will be carried out as successfully as in the past. Admission is placed at 50 cents and there will be the usual concert in the church after the dinner. Dinner will be served from 6 to 8.30 p.m.

## Not Strangers Here

The Hallowell Concert Company will make their third visit to Claresholm on Saturday, Oct. 31st, on their 12th annual tour. For three consecutive years Claresholm Lodge No. 17, Knights of Pythias, has brought this splendid musical organization to this town and has deserved the commendation of those who appreciate a clean, wholesome entertainment. It is well to remember that this concert company can only be secured by a substantial guarantee and the appreciation of the people of Claresholm can be shown by patronizing this musical organization.

## Narrowly Escape Injury

What might have proved a serious accident occurred on Saturday when the horse being driven by Mrs. Olen Nelson, who was accompanied by Miss Minnie Egge, teacher at the Clear Lake school, became unmanageable and ran throwing the occupants from the rig. Both sustained some painful bruises and were badly shaken but otherwise escaped serious injury.

## Old Timer Dies

James Brantley, one of the old-timers of the Maelred district, was found dead in his shack on Sunday morning, death being the result of heart failure. Deceased came to Maelred about 1885 from Fort Assiniboia. He was formerly in the United States cavalry under Reno's command during the Indian rebellion, being in close proximity to General Custer. The funeral will take place in Maelred.

## Look for Comet

Have you seen the comet yet? It is not a very large comet and its tail is very faint, but it has thrown an awful scare into the superstitious of many nations. The diagrams following will enable you to locate the rambling. The Big Paper is easily seen in a northerly direction.

## THE PEOPLE'S CORNER

Advertisements inserted under this heading, not over six lines, 25c an insertion; three insertions for \$1.00. Lost, Found, Berried, For Sale, Help Wanted, Situations Wanted, all bring quickest and best results when inserted in The Advertiser. Remember, we issue papers for Stately and for Claresholm.

### CANVASSER WANTED

A good, live hunter can make good money with a splendid proposition as a subscription collector. Do not apply unless you mean business. Apply by mail to "Box A," The Claresholm Advertiser, Claresholm, Alta. 25-25.

### NOTICE

All orders for Ontario winter apples should be left at the Farmers' elevator at once. Prices run from \$1.25 to \$5.25 per barrel of 165 lbs. Call up the elevator manager or B. S. Law and order what you will require. 236f.

### STALLION FOR SALE

A Pedigreed Percheron Stallion, aged 8 years, weight about 1800. Apply The Advertiser, Claresholm Alta. 26-27.

### TAKE NOTICE

No person is allowed to sell water in competition with the town water department, nor is any person allowed to provide water from his taps to others not granted water service by the department. As the two practices are against the regulations under which water services are granted, persons disregarding the same will be charged the additional rate which should be paid by the persons whom they may be supplying contrary to these regulations of the water department. A rigid enforcement of this notice will be made on and after November 1st, 1914.

### NOTICE TO WATER AND LIGHT USERS

As October 31st closes the fiscal year, it is absolutely necessary that all water and light accounts be settled prior to that date. The town officials have a sufficient number of problems to solve without attempting to carry arrears in these accounts. This is a serious insistence that settlement be made of all accounts before the end of this month.

By Order of the Town Council.

### PROFESSIONAL AND SMALL BUSINESS CARDS

Space in this column, not over one inch, at 10 cents per line, or \$1.00 per year. If paid in advance, two lines, second per line, or \$1.00 per year. Cards inserted, two weeks at one inch rate.

### MORE TIME, BETTER SERVICE

The Advertiser having made an addition to its staff which allows the editor time to devote to the news end of this paper, attention will be paid to these matters which affect the real welfare of the town and the editor requests the citizens to assist him in making The Advertiser of greater service by aiding in the securing of the social and business happenings and in the discussing of those vital questions of town import, keeping in mind the proximity of the annual meeting and the necessity of exercising the greatest care in offering the town for the problems that will come in 1915 with stronger insistence. Loyalty to the town and to its institutions is as necessary as loyalty to the Empire.

### SITINGS OF THE DISTRICT COURT

Sittings of the District Court and of the District Judge Criminal Court will be held within the Judicial District of Montreal on the dates and at the places following during the year 1915:

J. D. HUNT,

Deputy Attorney General

### NOTICE

NOTICE is hereby given that, in accordance with the provisions of The Irrigation Act, the undersigned has filed the necessary memorial and plans required by Sections 13 and 15 of the said act, with the Commissioner of Irrigation, at Calgary, Alta.

The applicant applies for the right to divert sufficient cubic feet of water per second from a SPRING CREEK on the North-west quarter of Section 9, Township 11, Range 28, west of the 4th meridian, for irrigation purposes and for the right to construct the necessary works, as shown by the memorial and plans filed, to enable the water so diverted to be used for the said irrigation purposes, on the South-east quarter of Section 16, in the same Township and Range.

The following lands are affected by right of way for the proposed works, viz:—The North half of section 9 and the South-west quarter of Section 16.

Dated at Claresholm, Alta., this 22nd day of August, 1914.

FRANK J. DUNN, Applicant.

Mrs. J. F. Reynolds and children will spend the weekend with Mrs. Geo. Wilson, at Lettbridge.

John H. Patterson, of Glasgow, Sask., was registered at the Queen's on Tuesday.

Wm. Rogers, late of the jobdept. of H. Albertson, has accepted a position on the staff of The Advertiser.

The Ladies' Aid Society of the Methodist Church met last week at the home of Mrs. Stevens.

R. K. Peck spent the weekend in town the guest of Mr. and Mrs. J. W. Hallett.

G. H. Carney and family moved into the house lately vacated by R. K. Peck, last week.

The Halliwell's are coming next week. Saturday, Oct. 31st is the date. Better than ever, will be the verdict.

Will Mackenzie, son of Norman Mackenzie, has accepted a position at the Union Bank here and began his duties this week.

J. R. and Mrs. Watt entertained Mr. and Mrs. G. Clarkson and Mr. and Mrs. J. F. Reynolds at dinner on Monday evening.

John H. Wentzel, the baritone with the Halliwell Concert Company, is a pupil of Oscar Sangor, and was with the Macdonald Butterfly Grand Opera Co.

Cons. Chairman has been removed to Carleton Place and Cons. Rose from the latter town has been assigned to the staff at the barracks here.

It is to the credit of the provincial government that out of 2,425 miles of railway guaranteed construction, over 1,500 miles will be completed by the end of this year.

Rev. J. M. Harrison is expected to return from the east on Saturday and will occupy his own pulpit at the Methodist Church on Sunday next.

Ans. Wm. Knight and daughter Elsie, returned on Monday from a three months' visit with friends at St. Ste. Marie, Toronto and other east end points.

Dr. G. E. Brewster left last week for Ontario where he will make his home in the future. Mrs. Brewster is visiting friends in Montana, before going on to regain her health.

Do not forget that you can show your colors by attending the Patriotic meeting tomorrow night (Thursday). You can also show your indifference to the cause for which men of our blood are fighting by staying away from the meeting.

When everyone is trying with more or less success to whittle the marching song of our soldiers at the front, R. S. Brereton has secured on ten-inch Victor double records, "It's a Long Way to Tipperary," as sung by Imperial Quartette, also by Harry Fay and a band by the Victor Military Band (three records backed with other patriotic airs). These he is selling at 15c each on page 8. Turn it up.

## Farcy Writing Not Facts

Howard and Cecil Sterne, sons of Abraham F. Sterne, a retired manufacturer of the Eastern states, arrived on Monday to take the course at the Claresholm School of Agriculture this term. The young men are highly indignant at a particularly "dumb and highly imaginative" article purporting to be an interview which appeared on the front page of a recent issue of the Manitoba Free Press.

## More Council Notes

The slight advance in the minimum rate for house water service to \$1.50 does not inflict any additional burden on five-roomed houses. It raises the minimum on houses with a less number of rooms but in almost every instance the owner of the smaller house is a renter water-user than the occupier of the larger house. Thus no hardship is caused by this readjustment.

The council are making needed repairs to crossing at sidewalks, a sum of \$200 having been set aside for these repairs. It did not come any too soon as a considerable crop of damage suits were a very likely outcome of the disrepair in which many of the crossings were allowed to remain.

Another wise move has been made recently in the replacing of the grates under the belia and the re-lining of the lining of the fire-houses at the power plant. This should make a considerable saving in the coal bill and restore in some measure the efficiency of the plant.

The repairs being made to the pipe-line under the efficient direction of the town foreman, John Miller, are more than pleasing as it is being found that the line is not in the super-servant condition which was thought by croakers. The Advertiser has attempted to discount these pessimistic criticisms on more than one occasion and believe that its attitude is being vindicated.

The success or failure of the water department is the success or failure of each citizen taxpayer. To compete with the town by selling water or by allowing others to use from your tap is an act of disloyalty to the town and is as well against the regulations by which water services are granted to the citizen.

## School of Agriculture Notes

The appearance of the front of the grounds of the School of Agriculture has been much improved by a new wire fence. The best feature of this addition is that a fence in itself was taught. The fence-posts were brought from the hills, prepared and painted with no government outlay and the wire cost a very small sum.

James Hooper, M. A., sciences master at the School of Agriculture, is in Edmonton this week selecting the additional equipment for his department for next term.

A circulating library will be placed at the School of Agriculture very shortly for the benefit of readers in the district who will be permitted to borrow from the library at pleasure.

A splendid beaker system has been installed at the School of Agriculture, to accommodate 84 students. These lockers will prove a great convenience to the students and will materially assist in the orderliness of the rooms.

## High River Rancher Killed

High River, Alta., October 17.—Murray Hendrie, proprietor of the "fally" ranch, and widely known throughout Canada as a member of the Hendrie family, Hamilton, and half brother of Lieutenant Governor Hendrie of Ontario, is dead. Death is the result of a runaway accident on Thursday evening, when a team of horses became unmanageable and threw him from the vehicle. He was violently thrown out, Mr. Hendrie sustained internal injuries, which resulted fatally.

## Will Charm Everyone

The music presented by the artists of the Halliwell Concert Co. is high class and yet not above the comprehension of the untrained ear. The program will be charmed with the solo harp in Vangelis's hands, with the offerings of the "old school" C. G. Myers, with M. S. Mankin and his violin, with our friend Stanley and his trombone and the other stars of this fine musical company.

## Bank of Hamilton

Capital Authorized, \$5,000,000  
Capital, Paid-up, 2,000,000  
Surplus, 3,750,000

**THE MAN BEHIND**  
A Banking institution gets strength as much from the men who direct its affairs as from the actual capital invested. Money deposited in the Bank of Hamilton is guarded by men well known for business integrity and common sense who value security as much as high profits. This policy is one of the reasons which is one quarter larger than its capital—the result of over 40 years conservative management.
